

Revolutionize Your Property Journey with Kemedar's 25-in-1 Super App.

Free Services

Unmatched Free Services

Explore the diverse range of complimentary services offered by Kemedar, establishing our super app as a go-to platform within the proptech industry. The 25 mini apps within our super app create a compelling magnet for visitors and engaged customers.

01

Empowering Search

Unlock the power of our Advanced Search, providing access to over 110 filters in 17 languages across 35 countries, ensuring a seamless and comprehensive property search experience.

02

Effortless Property Management

Utilize cutting-edge AI technology to add up to 5 properties for free in under 8 minutes. Submit unlimited buying or rental requests, streamlining your property management tasks.

03

Direct Procurement

Browse, compare, and purchase construction, finishing, furniture, and decoration products directly from factories or merchants without incurring any commission fees.

04

Flexible Renting Solutions

Leverage the Corent and Booking system for partial renting of specific areas or durations, tailored for tourist, hotel, and co-working office spaces.

05

Innovative Auction System

Engage in our specially designed bidding system for real estate auctions, facilitating sales to the highest bidder.

06

Efficient Management

Experience the industry's first real estate organizer, allowing sellers and buyers to efficiently manage appointments, tasks, contacts, and communications.

07

Streamlined Hiring

Access a comprehensive system to manage real estate finishes and tasks, including browsing profiles of technicians, finishing companies, and evaluating their services.

08

Organized Documentation

Save important files, contracts, and templates in our file manager system for easy access and modification.

Free Services

09
